

April 2013

The Transition

The 2012-13 skiing season for the LSSC has ended, but we had 3 great trips this year—Swiss Valley, Crested Butte, and Keystone. Keystone trip highlights will appear in a future edition of “First Run”.

Spring has arrived, but given the unseasonably late snow that fell in Greater Lafayette in March, it’s misleading to say that “spring has sprung”. That being said, it’s time to start thinking about non-winter club activities.

Last year, the LSSC was able to provide at least one club-related activity each month of the year. We’re hoping to do the same this year. Among the non-winter activities, we did a canoe trip on the Tippecanoe River, bowling, a road trip to see an Indianapolis Indians baseball game, picnic at Prophetstown, and a late afternoon/evening at Exploration Acres. However, we are certainly not limited to these activities. If you would like to organize and/or participate in other activities, contact Frank Arnold at mein2008@yahoo.com and we will publicize it in a future "First Run".

Upcoming April Area Events

Wednesday, April 3: 7:00 LSSC monthly meeting at Monical’s Pizza in Lafayette

Saturday, April 13-Sunday, April 14: Centennial Bug Bowl at Purdue:

Saturday, April 20: Purdue Grand Prix: <http://www.purduegrandprix.org/>

Subleasing Opportunity at Peppermill Village

Laurie Ide (future sister-in-law of Frank Arnold) recently bought a house and is moving in April. She is looking for someone to sublet her one bedroom apartment from May 1st-July 31st. Peppermill Village is located near Yeager and Cumberland Streets in West Lafayette. Go to <http://www.peppermillapts.com/> for more information about the area. E-mail Laurie at lide07@gmail.com or text at 409-4776 if you or anyone you know might be interested. **Note:** Laurie is hearing impaired, so communication must be via email or text.

Congratulations

Another LSSC member is newly engaged. Rob Sawtell recently proposed to his girlfriend Erika, who accepted. Best wishes to them in their future.
